CATALYZING TRANSFORMATIVE IDEAS
FOR CLIMATE ACTION

 **Climate Think & Action Tank**

 **Systemic Change Enabler**

 **Neutral Convener**

 **Strategic Partner**

Strategic Axes

Sustainable Cities

Green Industrialization

**Food systems, land use
and water management**

**International Dialogue
and Partnerships**

**Ecosystems
in transition**

Disproportionate contribution to global greenhouse gas emissions

Structural complexity and institutional inertia

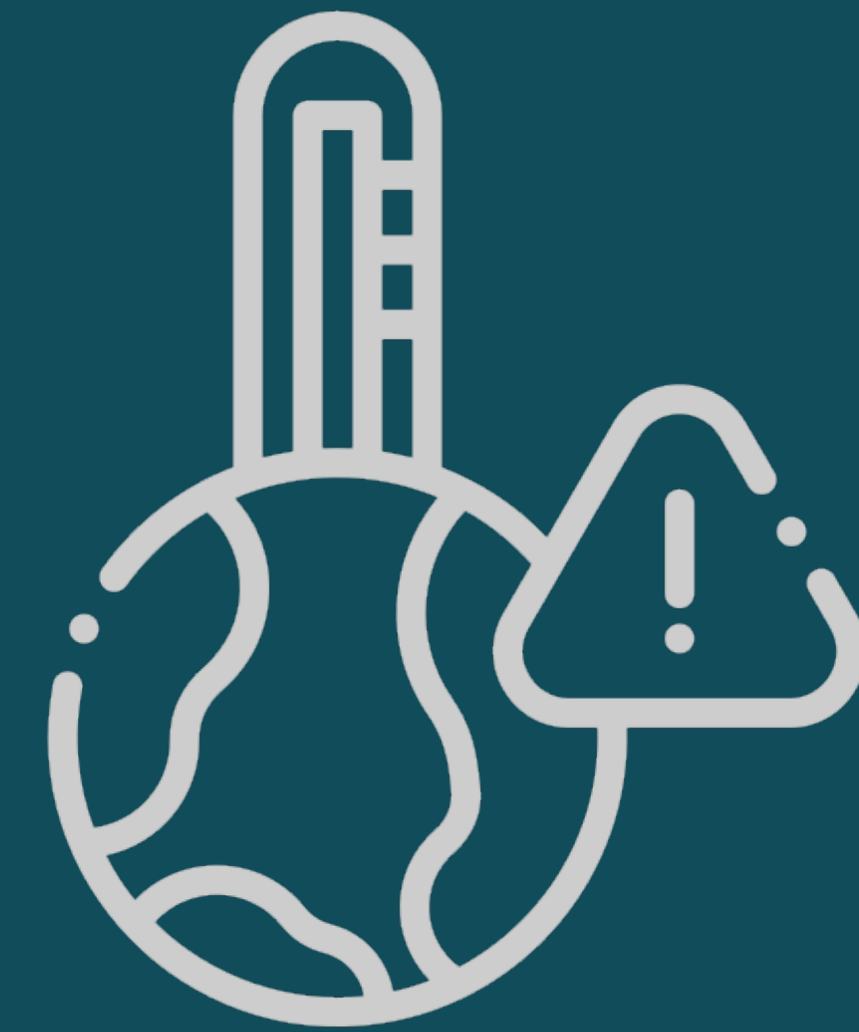

Potential for systemic change if tackled collaboratively

Underserved need for cross-sectoral alignment, funding, and regulatory innovation

How we work

**climate action
ambition**

**multi-stakeholder
dialogue**

knowledge

change

 **Sustainable Cities**

 **Green Industrialization**

 **Food systems, land use and water management**

 **International Dialogue and Partnerships**

 **Ecosystems in transition**

13 Working Groups

+ 300 professionals engaged in our WG

3 Thematic Reports

8 Ideas for Action

+ 160 organizations involved

Active participation in three of Europe's leading climate think tank networks.

8 Sector Insights

WORKING GROUP 2026

**Decarbonization of
the Chemical
Industry**

WORKING GROUP 2026

**Climate Finance in
the Agri-Food Sector**

WORKING GROUP 2026

**Energy Storage
to Promote
Decarbonization
and Electrification**

WORKING GROUP 2026

**Batteries and
Critical Materials
to Strengthen
the Electric Vehicle
Value Chain**

WORKING GROUP 2026
